Wedding Music

We love live music and we love weddings and we believe the two should always go together!

Whatever your style, from traditional classical to chilled-out Ibiza vibes or vintage jazz, we have it covered. Being musicians ourselves, we have selected a roster of exceptional performers we know and trust.

We can talk you through the music that suits every moment of the day, from the ceremony through to the evening.

Our musicians have played at many high-profile events including the wedding of the Duke and Duchess of Sussex, and Elton John's White Tie & Tiara ball. They have some of the widest range of repertoire in the UK and are guaranteed to wow your guests.

On an already busy day, by booking with us you can be confident that you are booking reliable, discreet and exceptionally talented musicians who are accustomed to playing at weddings and live events in the UK and worldwide.

We look after our musicians and we go above and beyond for our clients.

Why not just have recorded music instead of live musicians?

We believe that everyone should experience beautifully performed live music! Live musicians create a true sense of occasion and it makes the day even more magical and unforgettable.

Can I choose the music that is played?

Absolutely. Our musicians have a vast repertoire of pieces and can arrange any special requests from you.

We can also guide you and advise you according to your tastes.

How much does it cost to hire your musicians?

The cost depends on the size of the group, the location of the wedding, the technical requirements and the length of playing. For example a string quartet in London playing at your ceremony and drinks reception could cost from £1,400 while one of our orchestras could cost from £10,000.

We will happily talk through your options with you.
